

The Volunteer

There were four members of a Bath Dolphin family called Body - Some Body, Every Body, Any Body and No Body - and an important job had to be done.

Every Body was asked to help but Every Body was sure that Some Body would do it.

Any Body could have done it, but No Body did it.

Some Body got angry because after all it was Every Body's job.

Every Body said Any Body could do it but No Body realised that Any Body would do it.

It's sad to say that Every Body blamed Some Body when No Body did what Any Body could have done.

Bath Dolphin NEEDS...

Every Body...Some Body...ANY BODY (with the exception of No Body) to help on a voluntary basis at Bath Dolphin Swimming Club.

If you are able to help in any way, whether that's poolside or in the background, please speak to a parent rep or any member of the committee, we'd love you to join our team.
