Records are valid from all licensed meets and are considered up until the day before a child's next birthday.
eg: 16 & Under records - swims up to the day before a swimmer turns 17 are considered valid

Any swimmer who thinks they have set a new Club Record, should submit their claim via email, stating the date, meet and time swum.
The Records Secretary will then check against Rankings and the club's records, before updating any data.

Records are valid from all licensed meets and are considered up until the day before a child's next birthday:
eg: 16 & Under records - swims up to the day before a swimmer turns 17 are considered valid

Any swimmer who thinks they have set a new Club Record, should submit their claim via email, stating the date, meet and time swum.
The Records Secretary will then check against Rankings and the club's records, before updating any data.
