2014 marked the 43rd anniversary of the Scottish Disability Sport (SDS) Championships for swimmers with a physical or sensory impairment.

All of Scotland's leading physical and sensory impaired swimmers signed up to compete in the 2014 Championships which were held in Grangemouth recently.

Local swimmers from north east Fife were amongst the representatives at the event and showed up strongly throughout.

Stefan Hoggan from Auchtermuchty had several close races against his physically disabled Scottish rivals and left Grangemouth with wins in 50 metres breast and 50 metres butterfly.

Ollie Carter from Cupar and District SC was swam as a guest at the 2014 Scottish seniors and turned in a succession of first class swims.
