## **Welcome to City of Peterborough SC**

It gives us great pleasure to welcome spectators back to the City of Peterborough S.C. for the first time in nearly two years. Much has changed in the time we have been away. Some of our meet routines will be slightly different for our Season Opener Meet and may take a little longer than usual. We thank you for your patience and cooperation. While restrictions have been lifted, we are still taking some precautions to limit mixing and possible infection.

We recommend that those spectating have received both doses of vaccination at least 14 days before the event. If possible, please take a rapid lateral flow test before the meet. If you are unwell or have symptoms, please don't attend.

On arrival swimmers, coaches and spectators will need to wait on the grass area in front of the pool in club groups. We will take swimmers, coaches, and team managers into the pool club by club. Once swimmers have entered, we will bring in spectators, again one club at a time. Please follow the instructions from the volunteers who will direct you to your club's spectator seating area. Please use the sanitiser stations on entry and around the building. The entry desk will be outside of the pool.

We ask that families try to limit the number of spectators and encourage people to only spectate when it is their child's event. We recommend wearing masks on the balcony.

We will not be running sign-in for events to prevent congestion.

During the pandemic, construction has started on the new Peterborough University. This has reduced parking spaces near the pool. For other parking options please see the information [here](#). Please be aware that this may add more time to your journey.

Like many clubs, we have seen changes in membership over the pandemic and we have many volunteers in new roles. Without such volunteers, clubs and competitions would not run and we thank them all.

Unfortunately, the meet was over-subscribed and a significant number of entries have been rejected, in line with the meet conditions. Our apologies for any disappointment.

Given that this is the first licenced meet for many swimmers since the pandemic, we hope that swimmers' times reflect their resilience and hard work over the last 18 months, and we wish everyone the best of luck.
