County Championships 2020 - ACTION REQUIRED

Hi Guys,

It's that time again, when County Championship entries are looming.

You are receiving this email as your athlete already has at least one Consideration time for the Championships and I have attached a spreadsheet from British Swimming Ranking lists confirming who has which events they can enter. I have also copied in the Committee and Coaching team so they are aware of who has times so far.

Full details of County Champs can be found at

<https://uk.teamunify.com/EventShow.jsp?returnPage=%2FEventsCurrent.jsp%3Fteam%3Derhbsc&id=703221&team=erhbsc>

1. Please have a full read so that you are aware of the regulations and what is required.
2. In the next few days we will have a TU event set up and I would ask you to enter the events on there as soon as possible that your athlete will be entering. As usual, I hope they will enter all of the events they have times for, if only in case something goes wrong with what the individual believes is their main event, when they then have further chances to compete.
3. Please note that as a club we acknowledge lead off relay pb legs as personal bests and these times may show on TU. The ONLY events that your swimmer can enter are those on the attached spreadsheet as at the current place in time.
4. The final qualifying weekend is 8th December with an entry date by 12th December. We will require your finalised entry on TU by Monday 9th in order to have time to send them off but please do the initial entries as soon as you can.
5. Alison Carnell (Our Open Meet Secretary) will be dealing with the sending of entries to County. She will rely on your TU entry details and it is unlikely we will be able to chase anybody so please do not leave things till the last moment.
6. **If you have any questions please feel free to call me on 07731 315984.**
7. With further meets between now and then your swimmer may well achieve further times and we will try to update everybody as things are shown on the Rankings Lists but, again, please keep up to date with your individual's progress yourselves and not just rely on us to notify you. Review the TU entries regularly.
8. **Relays:**
 - Due to the cost of relay entries, this year we will only be entering one team in each event BUT, as I need to enter names in advance I do need to know if your swimmer is available for selection for those races.
 - Please let me know **BEFORE** next Friday if your swimmer is available for selection, by email with **EITHER** a Yes or a No so that I know either way.

- These events are great fun in a super atmosphere.

You will also be receiving an email to the whole of the membership informing them that if their swimmer qualifies in the next few meetsthey can expect a communication similar to this as many of them taking part are new to Open Meet entries so I apologise for the duplication.

I look forward to seeing a host of entries and some fast swimming both between now and the closing date and at the Championships themselves.

Best wishes for a super season,

Geoff
