

Booking for School Term

As outlined yesterday we are going to open up booking for the sessions we have, we are still awaiting Everyone Active/Dacorum Council to confirm our allocation, so it may yet change.

As at present we can only offer one session a week per swimmer, so please denote on the booking form your first & second choice, this will make it easier for us to try and fit everyone in.

We will also need CLO's for every session please, where someone has not done the role before, we will for that session match you up with another person, subsequent sessions will be just one person with a reserve.

Deadline for this is midnight Wednesday 26th August, so I can try and get an allocated schedule out as quickly as possible.

We will be issuing all term time details on our new information webpage and the updated details around dealing with Covid infection and notification process, relative to the Club.

Any queries please let me know.

Steve
