

Wycliffe Information

Directions and parking

Wycliffe Prep School is located in Stonehouse on the B4008 Ebbley Road. If approaching from the west via Horse Trough roundabout, drive through a mini roundabout and turn immediately left into GATE 13 which is before the footbridge. If approaching from Ebbley go under the footbridge and then turn right into GATE 13. This is a one way system and you must enter gate 13 and exit via gate 14 which is on the Ebbley side of the footbridge.

You will drive into the Nursery and sports field area, you can park anywhere on the right along the edge of the green courts. Swimmers and parents are required to cross to the Prep School via the foot bridge as the main road can be very busy. By using the footbridge you will also exit it directly in front of the pool. The pool is located over the green through the glass doors. The boys changing room is accessed from the corridor and the girls from inside the pool. There is some space to observe the swimmers under cover looking through the pool doors.

Additional Information

There are other gates numbered 17 and 19 but do not enter these as you cannot enter the grounds of the school due to digilocks. All members are reminded that this is a boarding school and during term time there will be pupils active on campus. For Child Protection and security purposes, members are restricted to the pool, its immediate covered area and route there only, and are not permitted to go to any other parts of the campus unless accompanied by a member of Wycliffe staff.
