

Wycombe Abbey Access Arrangements

The access and arrangements in place are for the **safety and protection** of the School's pupils and our own swimmers.

The swimming pool is a fantastic facility that we are privileged to have access to. It will enable our club to continue to provide expert coaching (and opportunities) to more swimmers at the club. It should be treated with respect to ensure we continue to have access.

Site Plan

Below is a map of the Wycombe Abbey grounds.

When arriving and leaving please remember this can be a busy road junction at peak times. Turning across the traffic can be dangerous and cause delays, you can use the roundabouts to change direction and approach safely.

Access

When you arrive at the school front gates the custodians of the gate will require you to state that you're with WDSC. Please park in the immediate car park on the right and hand over your swimmer to the coach/chaperone waiting under the **BIG TREE**. Registers will be taken at this point. All swimmers must meet at the required time and must stay for the full session.

NO PARENTS or SPECTATORS are permitted access past the car park.

All swimmers must be escorted to the pool by approved WDSC personnel that have undertaken training and appropriate checks with the school and club.

Once drop off is complete, parents must leave the site.

Swimmers must not walk through the grounds unless accompanied by staff

If you are late for pick up you will not be able to access to the swim session and should return home

These arrangements are because the pool is located in the heart of the school grounds and the security and welfare of the pupils is very important.

Safeguarding

These are not staffed leisure centres there is nowhere for your swimmer to wait after the session.

All swimmers must be collected promptly, for their own safety at the required times.

Our team will wait till swimmers are collected. Should parents consistently be late for pick up, then the club will exclude that swimmer from the future sessions.
